

attention instead is drawn to the unique and special nature of the day—and of the

MERIDIAN CONFERENCE met in WASHINGTON, USA in 1884 to make an international agreement and to avoid international confusion. There was nothingf

Following the Sun

Notice how the Sabbath day progresses on our round world. The Sabbath begins in the Eastern hemisphere at the dateline, so the first countries to welcome the Sabbath each week are NZ, Fiji, then Australia. Then the Sabbath enters Asia, the Middle East

the United States. Thus Kiribati found itself straddling the International Dateline. This limited administrative communications between the two parts of the country to 4 days

pass it on to the GC Biblical Research Committee (BRICOM). This collection of 50+

TWO OPTIONS

Option 1: Go with the change

- ◁ To ensure a strong witness to the community by being different
- ◁ Adventists would be seen as loyal supporters of the government
- ◁ It makes it easier for Samoan Adventists living overseas, to visit back to home country
